As you may or may not know, The Majestic recently received a generous donation of theatre seats from the Leddy Center in Epping, NH after they moved to a new fully-equipped theatre. These new(er) seats will be much more comfortable than our old black theatre seats, and now the entire first level of the theatre will be padded theatre seats.

When reserving seats for a non-dinner theatre show please refer to the seats by the row letter as well as the seat number.

Special thanks to the following businesses for their support of our "new seats" program:
